Applicant(s) submit(s) a completed form PTO/SB/08A listing documents cited in a communication received from the International Searching Authority in connection with a patent application corresponding to this matter not more than three months prior to the filing of this statement. Copies of the listed documents are enclosed. The Examiner is requested to review these documents and to determine the extent of the materiality of the document disclosures, if any, with respect to the present invention.

The right to later set forth how the claimed invention is distinguished over the disclosure of any document or other art, including the disclosures of the art and documents referenced herein, and those that may be cited by the Examiner in rejecting a claim in the instant patent application is reserved.

The referenced documents are cited to ensure that the Examiner has the benefit of all the information of which the Applicants are aware which may be helpful to the U.S. Patent and Trademark Office in its examination of this application. The Examiner is requested to review the documents and determine the extent of materiality of the disclosures with respect to the present invention.
